BRODSKY AND BRODSKY

PAGE 05/09

1 1-13 (Canceled).

1 14 (Currently Amended). The combination comprising:

2 a carry bag of substantially cylindrical configuration
3 having an open first end and a closed opposite second end; and

4 a rolled yoga mat inserted through said first end into
5 said carry bag;

6 with said carry bag having a diameter to enclose said
7 yoga mat rolled with or without an encircling band in holding
8 the mat furled; and

9 with said closed second end of said carry bag being
10 ~~yet~~ air permeable to ventilate said inserted yoga mat.

1 15 (Currently Amended). The combination of Claim ~~15~~ 14
2 wherein said yoga mat when unrolled is of a length of 5' - 6'
3 and of a width of 3' - 4'.

1 16 (Previously Presented). The combination of Claim 15
2 wherein said yoga mat is of a thickness of 1/8" - 2".

1 17 (Previously Presented). The combination of Claim 14,
2 including a drawstring at such first end for closing said bag in
3 protecting said mat against such environmental elements as rain,
4 sleet and snow.

1 18 (Previously Presented). The combination of Claim 14,
2 including a shoulder strap on an outside surface of said carry
3 bag extending between top and bottom portions thereof.

1 19 (Currently Amended). The combination of Claim 18 wherein
2 said carry bag is composed of a non-synthetic fabric having a
3 closed second end comprised of a crocheted end cap.

1 20 (New). The combination of Claim 19 wherein said non-
2 synthetic fabric is selected from the group of cottons, velvets,
3 velours, silks, brocades and tapestries.

1 21 (New). The combination of Claim 20 wherein said non-
2 synthetic fabric is composed of one of a rich color and pattern
3 display.

1 22 (New). The combination of Claim 20 wherein said non-
2 synthetic fabric is of a floral, batik, and nature scene
3 display.

1 23 (New). The combination of Claim 20 wherein said carry
2 bag is one of substantially 9" x 29" and 11" x 33" diameter and
3 length dimensions, respectively.

1 24 (New). A carry bag of substantially cylindrical
2 configuration having an open first end and a closed opposite
3 second end to hold a rolled yoga mat inserted through said first
4 end, with said closed second end being air permeable to
5 ventilate said mat when placed within, and with said carry bag
6 having a diameter to enclose said yoga mat rolled with or
7 without an encircling band in holding the mat furled.

1 25 (New). The carry bag of Claim 24 wherein said carry bag
2 is composed of a non-synthetic material.

1 26 (New). The carry bag of Claim 24 wherein said carry bag
2 is composed of a non-synthetic fabric having a closed second end
3 comprised of a crocheted end cap.

1 27 (New). The carry bag of Claim 24 wherein said carry bag
2 is composed of a non-synthetic fabric having a closed second end
3 comprised of a crocheted end cap, and including a shoulder strap
4 on an outside surface of said carry bag extending between top
5 and bottom portions thereof.
